

# Storytelling Adventure!

**Let's have fun and make up a new story!**

1. **Pick your favorite story or fairy tale.** What's a story you really like? Write it here!
2. **Imagine what happens next!** What could happen to the characters after the book ends? Can they go on a new adventure, meet new friends, or face a fun challenge?
3. **Draw a picture or write a new part of the story!** You can use crayons, markers, or colored pencils. If you want to write, use your best handwriting. There are no wrong answers! Be creative and have fun!

4. **Show your drawing or story to someone!** Tell your family or friends all about the new adventure you made up. You're the author and artist of this story!
5. **Want to make a special book?** Ask someone to help you turn your drawings and story into a homemade book. You'll be just like a real author!
6. **Awesome job!** You did an amazing job telling your own story. You have a great imagination, and you're a fantastic storyteller!
